

## Clearing House for Postgraduate Courses in Clinical Psychology

### Equal Opportunities data - 2018 Entry

The National Health Service (NHS) provided the funding for most of the places for the 2018 entry for clinical psychology courses. For information about current funding arrangements please see the Funding page of our website:

<https://www.clearing-house.org.uk/applications/funding>

The data in this file covers applicants for NHS clinical psychology training places. The tables include data from applicants who gave their authorisation for it to be made public. Some applicants who gave their authorisation preferred not to give details for particular questions. Some categories with small numbers are grouped together to maintain anonymity.

To monitor the socio-economic background of applicants we ask you for your home UK postcode when you were age 17. We compare this with the POLAR data produced by the Office for Students about the participation of young people in higher education. Please see the Office for Students website if you need more information about POLAR.

"Prefer not to say" includes people who do not have an appropriate postcode eg from outside the UK.
